

Prostate FLO™

Specialized Support for Men*

Available in 60 softgels

Discussion

Saw Palmetto Berry Extract (*Serenoa repens*), widely studied and used in Europe to support male urinary flow,^[1] is standardized in this formula to contain 85-95% free fatty acids and sterols. The extract inhibits 5-alpha reductase^[2] as well as dihydrotestosterone (DHT) binding to androgen receptors,^[3] has anti-estrogenic activity,^[4] reduces prolactin-induced prostate enlargement^[5] and IGF-1-induced prostate growth,^[6] reduces TNF-alpha and IL-1beta,^[7] and maintains healthy fluid balance in tissues.*^[8]

Pumpkin Seed Oil Extract (*Cucurbita pepo*) is naturally rich in phytosterols, antioxidants, and unsaturated fatty acids (55% linoleic acid). Researchers induced increases in prostatic weight by treating mice with testosterone/prazosin. Afterward, they gave pumpkin seed oil to one of three groups of rats. In this group, it was apparent that pumpkin seed oil can block testosterone-P-induced increases in prostatic weight-to-body weight ratio and protein synthesis.^[9] A randomized, controlled, double-blind, three-month study (n = 53) that employed a preparation made from pumpkin seeds and dwarf palm plants, reported significant improvement in urinary flow, urination time, residual urine, and urinary frequency without any adverse effects.*^[10]

Uva-Ursi Extract (*Arctostaphylos uva-ursi*), derived from the uva-ursi leaf, contains 10% arbutin, a glycoside beneficial for its ability to maintain healthy urinary tract microbial balance and healthy fluid balance in tissues.*^[11,12]

Zinc inhibits 5-alpha reductase, the enzyme that converts testosterone to its more potent form, DHT, which is believed to be most responsible for proliferative changes to the prostate.*^[13]

Clinical Applications

- » Supports Healthy Male Urinary Flow and Frequency*
- » Supports Bladder and Prostate Health*

*Prostate FLO™ is a specialized formula designed for men to support male urinary flow, hormone metabolism, and overall prostate health. It contains a variety of synergistic, standardized herbs in addition to pumpkin seed oil, vitamin B6, and zinc. Saw palmetto berry (Serenoa repens), widely studied and used in Europe, is present as a highly concentrated, standardized extract.**

Prostate FLO™ Supplement Facts

Serving Size: 1 Softgel

	Amount Per Serving	%Daily Value
Vitamin B6 (as pyridoxine HCl)	5 mg	250%
Zinc (as zinc gluconate)	15 mg	100%
Saw Palmetto Extract (<i>Serenoa repens</i>)(berry)(85-95% fatty acids and sterols)	160 mg	**
Pumpkin Seed Oil (<i>Cucurbita spp.</i>)	40 mg	**
Uva-Ursi Extract (<i>Arctostaphylos uva-ursi</i>)(leaf)(10% arbutin)	5 mg	**

** Daily Value not established.

Other Ingredients: Softgel (gelatin, vegetable glycerin, natural caramel color, titanium dioxide color, and purified water), soy lecithin, and yellow beeswax.

Contains: Soy

DIRECTIONS: Take one softgel twice daily, or as directed by your healthcare practitioner.

Consult your healthcare practitioner prior to use. Individuals taking medication should discuss potential interactions with their healthcare practitioner. Do not use if tamper seal is damaged.

DOES NOT CONTAIN: Wheat, gluten, yeast, dairy products, fish, shellfish, peanuts, tree nuts, egg, ingredients derived from genetically modified organisms (GMOs), artificial sweeteners, or preservatives.

STORAGE: Keep closed in a cool, dry place out of reach of children.
